Contact : 8104252359 | github.com/Sunil20011

TECHNICAL SKILLS

Languages : Python , MySQL, JavaScript , HTML / CSS , C/C++

Frameworks : React , Node.js , Bootstrap

Developer Tools : Git , VS Code , Visual Studio, Jupyter Notebook

PROJECTS

AI Resume Analyzer | Python , Streamlit , MySQL, HTML/CSS

Sep 2023 - April 2024

- The application will offer a user-friendly interface, accurate skill extraction, and robust scoring mechanisms to give users an idea of how well their resumes match the specified job roles.
- Streamlit allows us to create interactive, data-driven web applications with minimal HTML/CSS using Python. It provide an approximate efficient of 75% to 80%
- Design and execute complex backend queries with Python to perform the K-Nearest Neighbors (KNN) algorithm, integrating with MySQL for database operations.

House price Prediction | Python , Django , MySQL , HTML/CSS

Jan 2023 - April 2023

- The application will leverage machine learning models to provide estimates in close proximity to actual house prices, considering various factors such as location, area, etc.
- Django facilitates backend development to connect the server with the frontend designed in HTML/CSS. It provide an Approximate estimation of 80%
- Design and execute complex backend queries with Python to integrate MySQL for database operations and perform the linear regression algorithm.

Portfolio Websites | ReactJs , Bootstrap , HTML/CSS

July 2022 - Nov 2022

- Create modern and responsive portfolio websites using ReactJs frameworks which Enhance the UI experience
- This project aims to showcase skills, projects, and achievements in an engaging and visually appealing manner.

EDUCATION

Atharva College Of Engineering | University of Mumbai

Bachelor of Technology in Computer Science (CGPA :- 8.76)

Mumbai, Maharashtra

Sep 2020 - May 2024

Shri T.P. Bhatia Jr. College Of Science

HSC (Percentage :- 74%)

2020

Mumbai, Maharashtra

July 2018 - Feb

CERTIFICATION AND ACHIVEMENT

- **Certification:** Microsoft Dynamic 365 Training - ProMX
Web Development (Front-end and Back-end) -Udemy
- **Activities:** I have successfully completed numerous frontend challenges through Frontend Mentor, honing my skills in web development.
